Questions/Answers

Q 1) I hereby affirm that I have viewed the class "Wireless Communication, Hacking Programming" in its entirety. I have already or will shortly complete 1 to 2 hours of self study, research, reading, reflection and/or application of the concepts/skills presented using the AIU online library or other mediums.

A 1) Yes

Q 2) Provide a short summary of the concepts or topics you learned about today" (minimum 300 characters)

A 2) I learned about UAVs (Unmanned Aerial Vehicles) and their use in the military, and also about hacking, with its importance and dangers. I learned the importance and capabilities of wireless communication, including how newer satellites are going to address the lack of wireless communication in areas without it.

Q 3) What is the most important concept(s) that you gained for today's Live Class? (minimum 300 characters)

A 3) The most important concepts I gained from this class are the importance of wireless communication security/Telecommunication security and how UAVs can be used in different areas, such as in the commercial area. In the future, UAVs can be used as an Uber ride, and they will need to be controlled wirelessly, which will require heavy security.

Q 4) How would you apply what you learn today to improve your life of work? (minimum 300 characters)

A 4) To improve my work, when building or developing a device that requires wireless communication, heavy security (both hardware and software) will be included to protect users' privacy and prevent the misuse of the product. Additionally, research would be done on how to improve the security of the device.

Q 5) Independent Research: AIU Live Classes are a starting point for further learning beyond the class. Search similar content either online or in the AIU online library and review it then share the name or link here. If its from AIU Library copy the Source or ISSN, [show me how?](#) (can be a video, academic publication, web site, lecture or book) (minimum 10 characters)
