Question 9 of 10

*Text Answer Question*

**Explain how critical thinking can be applied in evaluating news sources.**

**Student's Answer:**

Critical thinking may be defined as the ability to negate a claim cleanly rather than to be unhinged in. therefore in applying to evaluating news sources, one would take the necessary steps in ensuring the legitimacy of source.

**Correct Answer:**

**Critical thinking can be applied by assessing the credibility of the source, checking the evidence and data presented, looking for potential biases, and comparing the information with other reputable sources.**

Question 10 of 10

*Text Answer Question*

**Discuss the impact of logical fallacies on argument strength.**

**Student's Answer:**

logical fallacy in an argument helps to give proper understanding and establish clear reasoning.

**Correct Answer:**

**Logical fallacies weaken arguments by undermining the logical structure, leading to conclusions that are not supported by sound reasoning. They can mislead audiences and obscure the true validity of the argument.**
